🎓 EDUCATION

Shanghai Jiao Tong University (SJTU), Shanghai, China 2023 – Present

B.S. in Physics (Major) & Computer Science (Minor) (Expected Jun. 2027)

- Member of the **Zhiyuan Honor Program** (Physics Track, Top 10% of Cohort)
- **Overall GPA:** 4.00 / 4.30 (Rank: 2 / 29 as of Feb. 2026)

♥ RESEARCH INTERESTS

- **Generative Modeling:** Developing advanced generative models for various applications, such as speech and video generation and diffusion language models.
- **AI for Science:** Integrating AI with physical principles to enhance the performance of neural networks or solve applied problems.

🔬 RESEARCH EXPERIENCE

MOVA Group, MOSI, Shanghai Innovation Institute Mar. 2026 – Present

Visiting Student / Research Intern

X-LANCE Lab, SJTU Jun. 2025 – Present

Research Assistant Advisor: Assoc. Prof. Xie Chen

Developing DiTAR-like TTS model using LocDiT architecture with patchification techniques and discrete diffusion methods based on F5-TTS framework.

ReThinkLab, SJTU Sept. 2025 – Feb. 2026

Research Assistant Advisor: Prof. Junchi Yan

Conducting research on AI for Science. Key focuses include Quantum Machine Learning (QML) for variational quantum circuits, Physics-Informed Neural Networks (PINNs) for solving PDEs, and AI for Fusion.

Zhiyuan Scholar Program, SJTU Jan. 2025 – Jun. 2027 (Exp.)

Research Assistant Advisor: Prof. Hao Zheng

Investigating the spectroscopy of Higher-Order Topological Matter (HOTIs and HOTSCs) on STM platform.

📖 RESEARCH PUBLICATIONS

Co4ICF: Co-evolving Physics-Informed Surrogate and RL-based Pulse Optimizer for Inertial Confinement Fusion Feb. 2026

Jiatong Zhao*, **Tengyue Zhang***, Yuhan Wang, Fuyuan Wu, Junchi Yan In Proceedings of The 32nd ACM SIGKDD Conference on Knowledge Discovery and Data Mining (KDD '26)

Proposed a framework that evolve a PINN surrogate and PPO for ICF laser pulse optimization with bi-frequency calibration to mitigate OOD distribution shift. Achieved +46.1% yield gain under MULTI verification and about 990x optimization speedup.

🏆 HONORS AND AWARDS

Meritorious Winner, Interdisciplinary Contest in Modeling (ICM) May 2025

Huatai Securities Technology Scholarship, Shanghai Jiao Tong University 2024
